

Task 1 · DimASR

Given-aspect scoring

Review + given aspect

screen is very bright

Given aspect

screen

Fixed demonstrations

... screen is good

... screen looks dull

Score

Raw V/A

Joint feature map

V

A

$|V - A|$

$V \times A$

Ridge calibration

Fit: W, b

Aspect V/A $\langle a, (V, A) \rangle$

screen

(V, A)

Task 2 · DimASTE

Span-to-pair extraction

Review

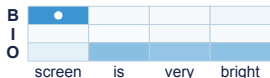

screen
